

# **K&N Filtercharger<sup>®</sup>**

## **INSTALLATION INSTRUCTIONS**

**\*FREE K&N DECAL To register your warranty, please see us online at [knfilters.com/register](http://knfilters.com/register). FREE K&N DECAL\***

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedure **MUST** be followed to ensure a proper fit and seal of the K&N Filtercharger<sup>®</sup>.

- 1) Remove the old filter.
- 2) Wipe any dirt out of the lid or base. The airbox must be clean and dry so that the gasket will stick to it.
- 3) Apply the self-sticking gasket around the edge of the filter opening.
- 4) The oiled K&N filter is now ready to be installed.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
