

Installation Instructions

IMPORTANT!

READ AND UNDERSTAND THESE INSTRUCTIONS FOR SAFETY, INSTALLATION, OPERATION, AND MAINTENANCE. SAVE ALL INSTRUCTIONS FOR FUTURE REFERENCE.

Tested. Trusted. Guaranteed.

Tools Needed: 9/16" Box Wrench, Torque Wrench (ft. lbs.) w/9/16" Socket, Utility Knife, Straight Edge, and Protective Eyewear

STEP 1

Insert (2) long carriage bolts through clamp halves with flat washer, lock washer and nut.

STEP 2

Orientate flat surface of clamp assembly with backside of frame so nuts on long bolts face down. Attach clamps to frame with (4) short carriage bolts, flat washers, lock washers so nuts face vehicle. Leave all bolts loose for now.

STEP 3

Slide ball mount through frame and clamps. Lift assembly up and insert ball mount into receiver tube. Secure with pin and clip.

NOTE: If ball mount holes do not align to allow pin to be inserted or if mud flap frame cannot be positioned to hang straight and plumb, a longer ball mount may be needed before proceeding.

STEP 4

Position support flange on bumper step (Figure 4A) and push frame tight against bumper until both vinyl bumper caps are "tight" against vehicle bumper (Figure 4B).

TIP: If clamp assembly butts up to receiver before both bumper caps are against bumper, remove clamps and reassemble them on ball mount side of mud flap frame.

STEP 5

Finger tighten short carriage bolts on clamp assembly. Next ensure frame is level with bumper, push down firmly at bumper step on top of frame and ball mount. Then make sure vertical face of frame is plumb and tighten top bolts only equally on each side.

STEP 6

Tighten both long bolts to secure frame to ball mount. **Torque both long bolts to 32 ft.lbs.**

STEP 7

Tighten bottom carriage bolts equally on each side. **Then torque all 4 short bolts to 32 ft.lbs.**

STEP 8

Orientate rubber flaps as shown in exploded view on page 2. Note letter "D" inside circle goes to driver side, "P" passenger side, with letter/circle outlines facing to vehicle tires. Bolt rubber flap to frame using (3) carriage bolts, flat washers, lock washers and nuts. **Tighten these nuts until washers start to compress into rubber flap.**

NOTE TO INSTALLER/OPERATOR:

1. DODGE WITH OEM DUAL EXHAUST: Cut outlined hole in 1/8" thick rubber material that is in line with OEM exhaust.
2. MODEL SPECIFIC and CUSTOM FIT INSTALLS--ALWAYS CHECK GROUND CLEARANCE OF HITCH MOUNTED MUD FLAP. Suggested clearance is 5" to 7" above ground. If too low, undo hitch pin and remove mud flap assembly. Use straight edge to mark a cut line at bottom of each flap. Make trim cut along line.

USER/OPERATOR SAFETY AND MAINTENANCE:

- *Always route safety chains **under** mud flap frame, not through holes.*
- *Always remove mud flaps before entering automatic car wash systems.*
- *Do Not use mud flap frame as a step.*
- *Do Not hook up anything to mud flap frame.*
- ***Periodically check all bolts/nuts and retighten if needed.***

MANUFACTURER'S LIMITED WARRANTY

Agri-Cover, Inc. extends the following limited warranty to the original retail purchaser of its hitch mounted mud flaps:

Agri-Cover, Inc. warrants its ROCKSTAR Hitch Mounted Mud Flaps to be free from defects in material and workmanship, under normal use, as long as the original purchaser owns the truck on which the mud flaps were originally installed and as long as the mud flaps remain properly installed on said truck for one (1) year from date of manufacture unless accompanied by proof of purchase.

Agri-Cover, Inc.'s sole obligation under this limited warranty is limited to the repair or replacement, at its option, of defective parts only. No labor or service allowance is given or implied. **IN NO EVENT SHALL AGRI-COVER, INC. BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES. AGRI-COVER, INC. EXPRESSLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY, AND THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE LIMITED WARRANTY DESCRIPTION CONTAINED HEREIN.**

For warranty performance **call or fill out the warranty claim form online at www.agricover.com/warrantyclaim** or call our Customer Service Department at 701-251-1427 to determine if only a replacement part is needed or if the mud flaps need to be returned for inspection and repair. **Warranty registration must be on file and/or proof of original purchase (detailed and dated receipt) required for warranty to be effective. Goods to be returned must have a pre-authorized RA # (Returned Authorization Number) - obtained by calling the number above.** Mark the number on the package and ship it freight prepaid to address below. Agri-Cover, Inc. will pay freight to return goods to sender.

This limited warranty does not cover any damage due to accident, abuse, misuse, alteration, neglect, improper installation, or ordinary wear and tear.

This limited warranty gives you specific legal rights and you may have other rights, which vary, from state to state.
