Instructions

- 1.- Before beginning the installation, please read all directions carefully and verify that all necessary hardware is accounted for. If any parts are missing, stop the installation and contact your distributor immediately.
- 2.- To maintain and care this product keep it clean and do not use abrasive cleaners or polish waxes. We recommend to use only non-abrasive automotive wax such as pure carnauba to avoid scratches and rust.
- 3.- The approximate installation time is 45 min.
- 4.- Locate the holes located inside the bodywork of vehicle, front, in the middle and rear part. Place a 3/8" clip nut in the upper part. **SEE ILLUSTRATION 1, PICTURE 1.**
