

From The product models list, the LUXX-Series and NOVA-Series headlights for 2014-15 Chevy Silverado will come with optional switch plugs for Amber (Yellow color) DRL & Parking lights. By default the DRL & Parking lights color are White from factory.

CUSTOMERS CAN CHOOSE TO SWITCH TO AMBER (YELLOW COLOR) BASED ON THEIR PREFERENCE. PLEASE NOTE: Once you have plugged in and switch to Amber, the DRL & Parking lights color will remain Amber (Yellow color).

AMBER SWITCH PLUG LOCATION

Open the light dust cover from back of each ALPHAREX headlights.

Inside of the headlight, you will find plug connectors for switching into Amber (Yellow color) DRL & Parking lights.

CONNECT THE AMBER SWITCH PLUGS

Connect the amber DRL plugs directly into each of the headlights.
DO NOT USE DIELECTRIC GREASE!

COMPLETE THE SWITCH TO AMBER DRL & PARKING LIGHTS

After plugging in the connections, please install the headlights back on to the vehicle.
Congratulations! You have switched to Amber (Yellow color) DRL & Parking lights.
