TOOLS NEEDED:

- **3/8" deep well socket (or use extender)**
- **Ratchet**

DECKED TOOL BOX INSTALLATION

STEP 1:

Insert the triangular foam pieces from below the Tool Box lip on both sides and push into place.

STEP 2:

Align and press a rubber bed rail pad up into the recessed areas under the overhang on both sides of the Tool Box.
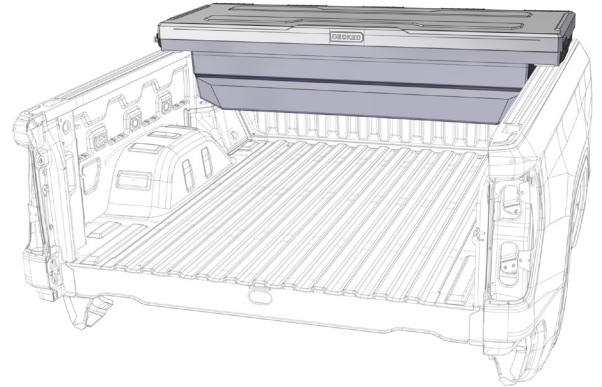

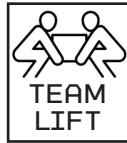

STEP 3:

Unless you've experienced radiation exposure (allowing you to mutate into The Hulk) grab a friend to help you lift the Tool Box and place on top of the bed rails.
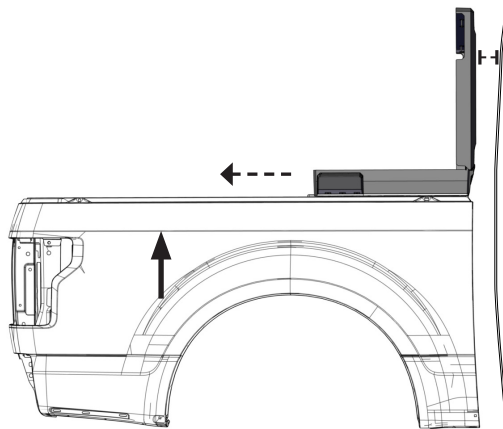

Center the Tool Box L-R between the bed rails keeping the rubber pads in place.

TEAM LIFT

STEP 4:

Open the lid to make sure there is adequate distance (at least 2") between the Tool Box lid and any cab mounted cameras, lights or other important bits.
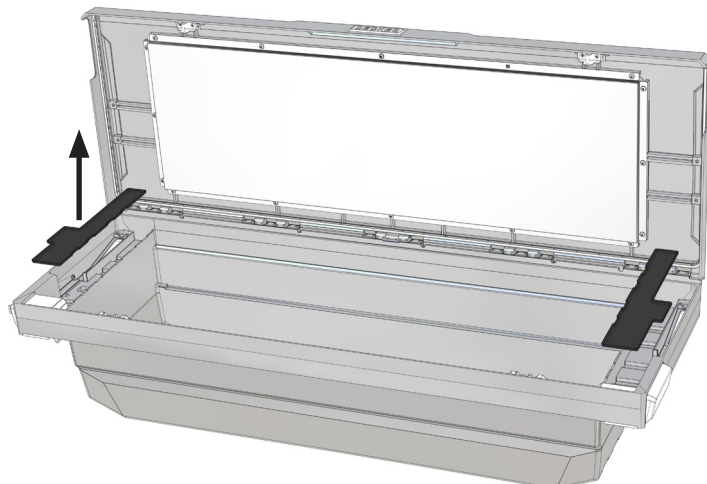

Shift the Tool Box toward the tailgate as needed to ensure correct positioning.

WARNING PROTECT YOUR TECH! KEEP AT LEAST A DISTANCE OF 2" BETWEEN TOOL BOX LID AND BACKUP CAMERA/LIGHTS
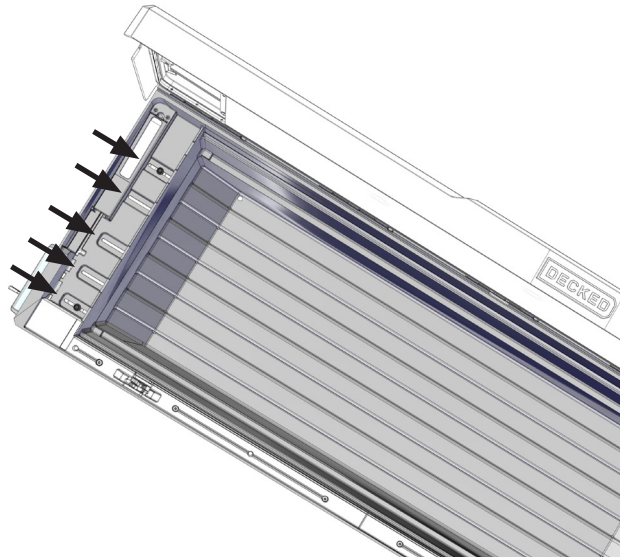

STEP 5:

Remove the rubber tool tray mats to expose the mounting locations.

STEP 6:

There are five installation locations on each side of the Tool Box. Install (2) bed rail clamps on each side of the Tool Box using one location as close to the tailgate as possible and one location as close to the cab as possible.

NOTE: Outermost clamp locations vary per vehicle depending on the topology of the bed rails.

STEP 7:

Secure clamps under the bed rail with bolts and washers from inside the Tool Box. Tighten all four bolts to 60 in-lb.
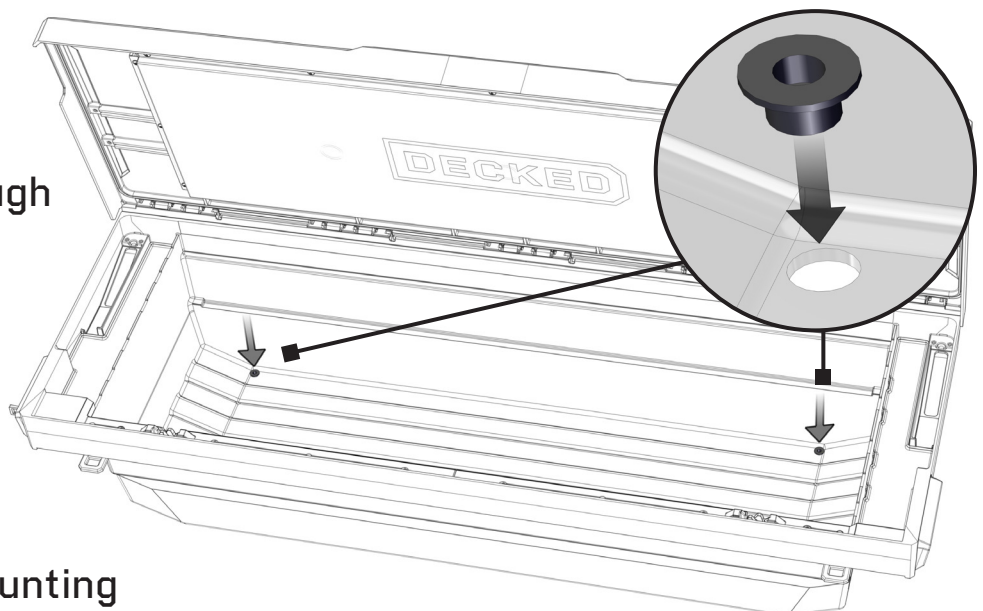

STEP 8:

Open the Tool box lid.

From inside the tub, push a rubber plug through each drain hole.

STEP 9:

Test tightness by closing Tool Box lid and trying to shift the Tool Box L-R and front to back. Check mounting brackets and bolts often to ensure they are secure.
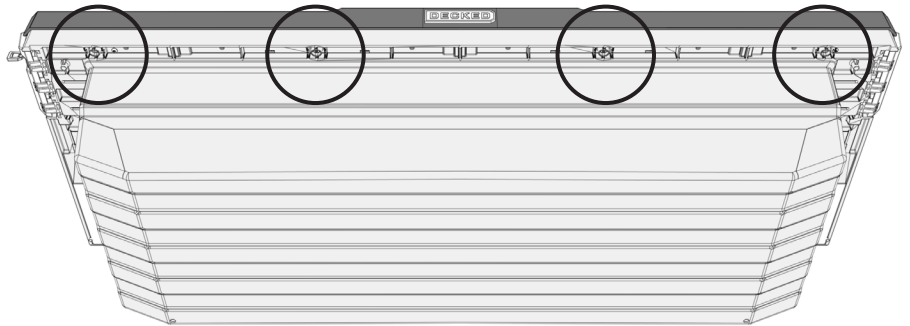

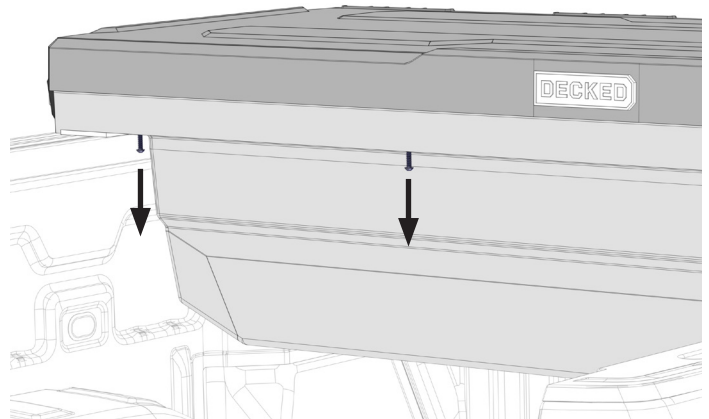

DECKED D-RING CARGO TIE DOWNS

There are four D-Ring Cargo Tie Down positions available. We included two D-Ring Cargo Tie Downs and hardware. Additional D-Rings are available on our website.
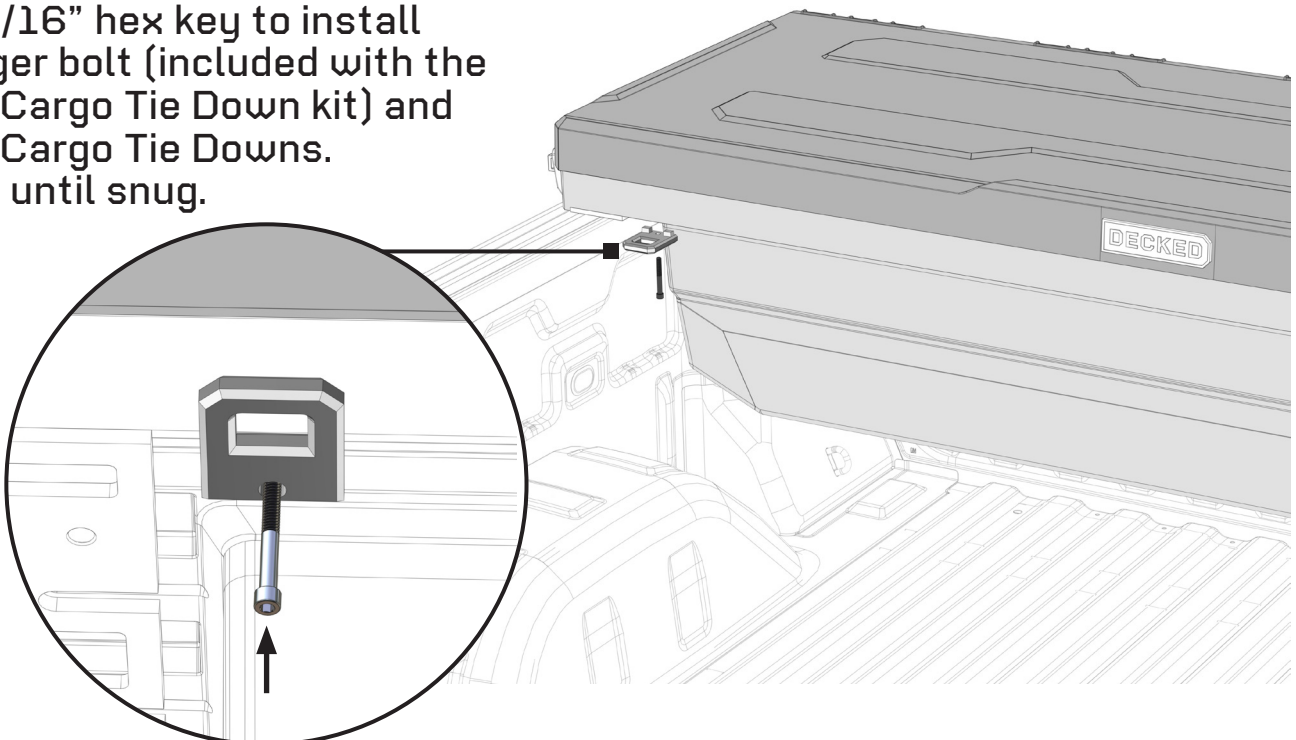

STEP 1:
Use a 5/32" hex key to remove the existing bolt in the desired D-Ring Cargo Tie Down install location. This bolt will not be reused.

STEP 2:
Use a 3/16" hex key to install the longer bolt (included with the D-Ring Cargo Tie Down kit) and D-Ring Cargo Tie Downs. Tighten until snug.

# LEVEL UP YOUR BUILD WITH TOOL BOX ACCESSORIES

We included two D-Ring Cargo Tie Downs with your new Tool Box.

You can purchase two more on our website.

Complete your build!

Tool Hangers keep your tools handy and are available for purchase on our website.

CONGRATS,
GAME CHANGER!

YOU DID IT.

Crack open a cold one of your liking, sit back
and admire your work. Now get busy organizin'!

DECKED LIMITED LIFETIME WARRANTY:

DECKED LLC warrants to the original purchaser of this product that the product will
be free from defects in material and workmanship from the date of purchase and
continuing for the expected lifetime of the DECKED product. The DECKED Product
must be registered by the original purchaser with DECKED, LLC via its website at
DECKED.COM/REGISTER, and a copy of the original sales receipt must be supplied
to the Manufacturer at the time a warranty claim is made. The warranty terminates
if the original purchaser transfers the DECKED product to any other person or
vehicle. The original purchaser must contact the DECKED LLC customer service
team and provide a description of the defective part, including digital pictures if
requested, with the original purchase documentation as validation of warranty
coverage or have previously activated their warranty online.

This warranty DOES NOT cover or apply to:

- Damage to the product due to misuse, mishandling and abuse.
- Products not used in accordance with the manufacturer's instructions or
  recommendations.
- Product not assembled or installed according to manufacturer's instructions.
- Normal wear and tear.
- Undeclared damage to the system during shipping, acts of God.
  In addition, consequential damage and incidental damages
  (including lost time) such as damage to persons or property
  are not covered under this warranty.

Covered by one or more patents: www.decked.com/pages/patents
