Parts List

<u>QTY</u>	<u>Part Description</u>	<u>QTY</u>	<u>Part Description</u>
1	57731 Driver Recessed Kick Panel	1	57742 Recessed Storage Center Panel
1	57732 Passenger Recessed Kick panel	13	¼" x ¾" Flange socket head cap screw

Tool Required:

5/32" Hex Key

Approximate installation time: 15min

Installation

Read the installation instructions completely and verify that all of the parts listed are accounted for.

Step-1 Move the front seats to the forward position.

Step-2 Remove the screws and standard center panel from the partition.

Step-3 Position the recessed storage panel in front of the partition, and then slide it rearward through the opening. Attach the storage panel to the partition using (5) ¼" x ¾" flange socket head screws. Leave the screws loose for final adjustment.

Step-4 Position the driver and passenger kick panels in front of the partition. Attach each of the kick panels to the partition and storage panel using (4) ¼" x ¾" flange socket head screws. Make final adjustments and tighten the screws.

Please do not return this product to place of purchase.
