

HOW TO INSTALL:

CALI RAISED LED DITCH BRACKET

NOTE: All ditch brackets are installed in the same steps.

DITCH MOUNTS HARDWARE

Quantity	Type	Thread	Length	Mat/Type	Finish
2ea	Bolt	5/16-18	3/4	Grade 5	Zinc
2ea	Lock Nut	5/16-18	N/A	Grade 5	Zinc

DITCH MOUNTS TOOLS

Quantity	Type	Size	Notes
2ea	Wrench	1/2	Can use one wrench and one socket
1ea	Socket	12mm	Can use wrench also
1ea	Ratchet	3/8 Drive	For use with sockets

Step 1

Install pod u-bracket to the LED pod. Use included hardware and tools that came with your pod.

Step 2

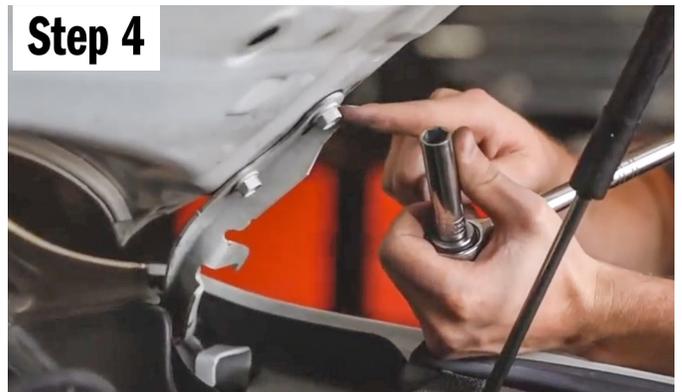

Install your pod to your ditch mount in the correct direction. If you have side shooter style pods, make sure you have the correct pod on the correct bracket. For example, make sure the passenger side pod is on the passenger side bracket. For side shooters, make sure the side LEDs are pointing away from your hood.

Step 3

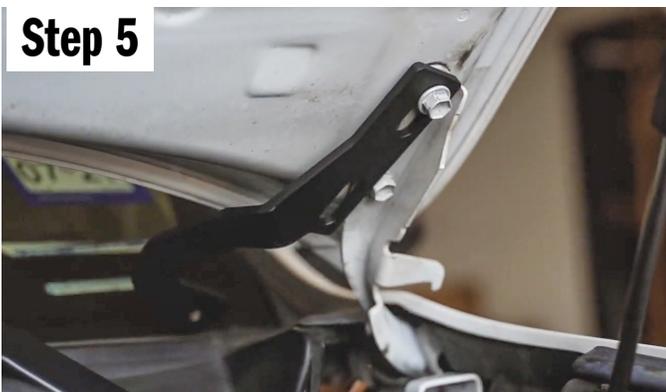

Use the hardware that is included with your ditch mounts to connect the pod to the mount. Do NOT use the hardware included with your pods. Put the bolt through the u-bracket, then through the ditch mount, then install your lock nut on the bottom. Tighten so it doesn't flop around, but leave loose enough to make light adjustments after mounting to your vehicle.

Step 4

Now we are going to install the bracket to your vehicle. Start by loosening the top nut or bolt that holds your hood in place.

Step 5

Remove the nut/bolt and move the mount in place, then put the nut/bolt back in place, snug but not tight.

Step 6

Repeat this step with the lower nut/bolt.

Step 7

Adjust your mount with the slots to bring it close to your hood, but not touching.

Step 8

Tighten all the bolts and close your hood. Check for clearance and make any necessary adjustments if needed. Lastly you want to aim your lights to the desired spot, then tighten the pod the u-bracket, and u-bracket to the ditch mount.

Having trouble with your install? Don't hesitate to reach out to us directly on our website www.caliraisedled.com. Hop online and start a chat, or give us a call M-F from 9am-4pm CST. (888) 385-5036. We will be happy to help.
